- Displays a digital copy of your custom registration card on an iPad or any Android tablet at your hotel's front desk.
- Allows guest to acknowledge the areas you define with initials and signature.
- No need to store and track down printed registration cards. You can print and email eReg Cards as needed.
- Tablets will display a slide show of your selected images until your front desk sends the registration card, complete with all guest reservation information to the tablet.
- Once the guest signs the eReg Card, the image of the registration can be verified by the front desk, accepted and is electronically stored with the reservation.
